

Computer Lessons for Older Adults (Divide Residents)

Divide Seniors and Older Adults - Do you find the computer frustrating? Does your computer sit around and collect dust because you don't feel comfortable using it? Do you wish you could see the photos your family and friends email you or post online? Do you feel embarrassed or clumsy when you try to do something on the computer? Please let me help take the frustration out of this fast-paced technological world and get you 'connected'! My rates are affordable so that I can come out as often as you need to help you learn to use your own computer!

- **Seniors 65+** - \$10 for first home visit, \$5 each follow-up visit
- **Older Adults 50 to 64** - \$15.00 for first home visit, \$10 for each follow-up visit
- **Not quite 50** - Please contact me for rates – I'd love to help you!

While I am not a computer professional, I do have my Master's Degree in Anthropology and was an Anthropology instructor at Sierra College. I love to teach and I have enjoyed helping people learn to use their computers. I also have over ten years of experience building websites (two websites for schools).

Some of you may know me as the office volunteer for the new charter school forming here on the Divide – American River Charter School. I am currently still helping them in the office and with their website! I am a realtor with Equus Real Estate, and I have also volunteered my time delivering meals to homebound individuals in El Dorado County through the Senior Nutrition Program.

A little more about me...

- I am 36 years old and have two young children
- I bring patience and humor to the process, I do understand your frustration, and so I make learning a fun AND successful experience
- I provide instruction at a pace that is comfortable for you
- You tell me what you would like to be able to do on the computer, and I'll show you how!
- I can help you with your Mac or PC
- I have lots of wonderful references!
