Some of you may know me as the office volunteer for the new charter school forming here on the Divide – American River Charter School. I am also a realtor with Equus Real Estate. I have volunteered my time delivering meals to homebound individuals in El Dorado County through the Senior Nutrition Program, and in my free time I help people develop their websites for personal or business use, and I love doing it! **I have 10+ years of design experience with great references that I will gladly provide upon request!** To learn more about me visit: <http://www.anaedwards.com/aboutana.html>.

For \$75.00 I will take as much time as necessary to create a website for you that you are happy with. I am not a website design professional, which is why I charge such an affordable fee. I will do my best, however, to make sure your site LOOKS like it's been done professionally! Some websites that I have built include:

<http://www.arcs-ca.schoolloop.com> ~ <http://www.wissf.org>

Also... are you or do you know a senior that needs help learning how to navigate the internet, or help sending and receiving email in order to stay in touch with family and friends? I would love to help, I come to you, and my rates are nominal!
